

GREGORY S. CLAMP, AIA, LEED AP

Director of Design

Accountability & Related Experience

As Director of Design for Austin Consulting, a division of The Austin Company, Mr. Clamp is responsible for facilities planning and architectural design for Austin Consulting clients. Mr. Clamp is instrumental in providing functional, practical, and economical design solutions to satisfy client project requirements and budgets.

Mr. Clamp has over 25 years of professional architectural design experience, 11 years with Austin.

His experience includes the planning, design and implementation of projects in: aerospace and aviation; education; entertainment and hospitality; food processing; manufacturing; information processing; pharmaceutical and medical products manufacturing; research and development; and, television broadcasting.

Clients have included: aerospace companies; entertainment and hospitality companies; food processors; pharmaceutical, medical and consumer products companies; public and private schools; television broadcasters; universities; and federal and local government agencies.

Prior to joining Austin, Mr. Clamp was employed by Zimmer Gunsul Frasca as an associate concentrating on planning and design, and by the Disneyland Resort where he was responsible for the technical direction of 25 architects, interior designers, project managers and field supervisors. He was responsible for Resort-wide architectural, technical and project management support.
